NO CHOICE MADE FOR PANAMA SHOW

Congressional Committee Unwilling to Favor Either City Mentioned.

NEW ORLEANS MAY BE PLACE

Supporters of Southern City Pleased at Resolutions of Committee—Both Cities Offer to Raise the $7,500,000.

Washington, June 16.—Unwilling to favor either of the rival Panama exposition cities, San Francisco or New Orleans, the House Committee on Foreign Affairs today decided to report favorably two resolutions authorizing the President to invite foreign nations to participate in each exposition to be held in the two cities when each city has raised $7,500,000 for the purpose of holding its exposition. The Senate Committee has taken no action on similar measures and neither House is expected to act on them during the present session.

The New Orleans contingent appeared jubilant over the committee's action claiming it was in their favor, and a blow at San Francisco. The San Francisco adherents admitted that the action was not what they wanted, but declared that they could raise any amount necessary to secure government endorsement of this fair.

The committee adopted the resolutions of both Representative Kahn, of California, and Representative Estopinal, of Louisiana. These were nearly identical and authorizes the President to invite foreign countries to participate in the International Exposition in 1915, the Estopinal resolution being for New Orleans and the Kahn for San Francisco.

The original sum fixed as an actual bona fide subscription requirement in San Francisco and New Orleans was $5,000,000 and the committee today raised that to $7,500,000 in each case.

Prior to the executive meeting of the committee a representative of San Francisco argued that his city had raised more than $8,000,000 by public subscription and wanted to raise the limit in the Kahn resolution to $7,500,000. The member of the committee hurried outside and talked with Representative Estopinal, of Louisiana

"Will New Orleans meet that amount?" he asked Estopinal.

"Yes," replied Estopinal, "we have already raised $6,000,000 and can easily obtain the rest."

Back went word to the committee and following an animated discussion the firing in the pending resolution went up to $7,500,000.

The preliminary battle in committee was on a motion to postpone action on the Kahn resolution until next December. This motion was lost by a close vote, Butler Ames, of Massachusetts, a Republican, voting with the Democratic members in favor of New Orleans. Mr. Ames is a descendant of Gen. Benjamin J. Butler whose command of Federal forces in New Orleans in the sixties furnished an exciting narrative in National history.

The adoption of the Kahn resolution was then moved, but was lost and the two resolutions were then coupled and passed by the committee.

Now the general question of the exposition will have to be threshed out not only in the House, but in the House Committee on Industrial Arts and Expositions, which has full jurisdiction over the expositions except as to the foreign participation.

Can Raise $7,500,000.

Baton Rouge, La., June 16.—When shown the Associated Press dispatch from Washington saying that $7,500,000 must be raised before either San Francisco or New Orleans would be eligible for Panama Exposition honors, Gov. Sanders said: "Louisiana will raise it."

CHARLTON STILL MISSING.

Divers Unable to Clear Up Italian Lake Mystery.

Como, Italy, June 16.—Although divers worked all day in the waters of Lake Como, their labors were not rewarded with the finding of anything that would aid in solving the mystery of Mrs. Mary Scott Castle Charlton's murder or serve as a clue to the fate of the woman's missing husband, porter Charlton.

Many visitors have come here from outlying districts and from adjoining towns to watch the divers at work and they seemed greatly disappointed that nothing more gruesome was brought up from the bottom of the lake than a ragged hat, an old shoe and similar articles of apparel which were found to have no connection with the case.

Nothing was discovered today that in anyway would justify the supposition that Charlton's body is in the lake, and the search has tended to strengthen the belief entertained all along by the police that Charlton has made his way out of the country and may be now on board some outward-bound steamer.

Temporarily the examination of Ispolatoff, the Russian suspect, has been suspended while the efforts of the prosecutor are being directed to a thorough investigation of the scene of the murder and of the domestic and social relations of Charlton and his wife.

STATEHOOD BILL FINALLY PASSED

Measure Remained on Senate Calendar in Uncertainty For Three Months.

MAY MEAN TWO NEW STATES

Provides for Admission of New Mexico and Arizona—Debate Consumed Only Two Hours. Favored House Bill.

Washington, June 16.—After remaining on the Senate calendar for almost three months in a state of uncertainty as to its fate, the bill providing for the admission of the territories of New Mexico and Arizona to separate Statehood was taken up by the Senate today and passed after a debate consuming little more than two hours.

The measure was called up by Senator Beveridge, chairman of the Committee on Territories, and was passed after speeches by Senators Beveridge, Frazier, Nelson, Hughes and Smoot. All the speeches were favorable to the creation of two States, but the Democrats favored the House bill.

When the vote was reached there was a division on the Senate substitute for the House bill, but with that amendment accepted, the Senate voted solidly for the passage of the bill. The Senate substitute was adopted as an amendment to the House measure by a strictly party vote, the ballot standing 42 to 19.

As passed the bill would provide for the admission as States of the two territories, but not until after a constitution had been adopted by each of them, approved by the President and ratified by Congress.

Much apprehension has been felt that the bill would tie up in conference with the House, but during today's discussion much was said to dissipate that fear. Senator Nelson, of Minnesota, declared he would do all that he could to bring about an agreement with the House during the present session.

"I'll do all that I can to bring it about," said he, "and I think we can do it; we ought to dispose of the matter in two or three days."

Senators Carter and Borah concurred in this view. "There are two reasons why we should reach an agreement," said Mr. Borah, "one is that we won't go home until we get it and the other is that it is getting too hot to stay here long."

Saying that he would prefer the Senate bill to no Statehood legislation, Senator Bailey declared that it would be some time before Congress adjourned if the conference committee did not report an agreement.

Representative Hamilton, of Michigan, chairman of the House Committee on Territories, said that he had doubt now of the enactment of the Statehood bill into law at this session of Congress. He has confidence that the House will adopt the conference report when made.

Under the bill as amended by the Senate it might be two and a half years before the Statehood would become operative and the House conferees wait to shorten the time to the Spring of 1911.

Speaking for the Democratic minority of the Committee on Territories, Senator Frazier contended that under all the requirements both Arizona and New Mexico were prepared for Statehood. He said that there was estimated to be 12,000,000,000 tons of coal in New Mexico.

"We admit infant States—not full grown States—and expect them to grow," he said. Measured by the standard of area, of growth and of wealth both territories were entitled to admission he said, adding that it would be unjust further to withhold that boon.

"Are we to refuse to admit Arizona and New Mexico because their admission would mean four Democratic Senators?" he asked, and then declared that he refused to accept such a report, but if it were true he would call attention to the pledge of the Republican platform.

Mr. Frazer advocated the House bill in preference to the Senate measure. He found rault with the latter especially because he said, it undertook to fix the qualifications of voters in Arizona. He contended also the requirement that the constitution of the two States shall be submitted to the President was contrary to the constitution of the United States giving Congress power to admit States.

TEDDY ON THE WAY.

Within 500 Miles of New York Last Midnight—Schedule.

New York, June 16.—Theodore Roosevelt at midnight was within 500 miles by dead reckoning of the welcome New York will give him next Saturday morning on his return to America after an eventful absence of 15 months.

His ship, the Kaiserin Auguste Victoria, is rated as a 17-knot vessel and at her normal speed should cover the remaining distance in 29 hours, bringing the former President to the gateway of the harbor at 5 A. M. Saturday. The programme is for Col. Roosevelt to leave the steamer at Quarantine at 9 o'clock that morning so that it is presumed the vessel will be held back when she nears port, so as not to arrive before schedule.

A FURTHER STEP TO PREVENT FIGHT

California Authorities Will Make Legal Move at 'Frisco Today.

RICKARD MAY BRING SUIT

Attorney General to Ask Permanent Injunction and a Restraining Order—War on Sport in That State—Offer From Reno.

San Francisco, June 16.—With a motion for a permanent injunction against the Jeffries-Johson fight and an application for a temporary restraining order against the Kaufman-Langford contest to be filed in the Superior Court here tomorrow morning, Attorney General Webb will fire the first legal gun in the war declared on prize fighting in this State by Gov. Gillett.

When informed of the intention of the Attorney General today Tex Rickard said that immediately on an adverse decision of the court he would remove the scene of the battleground to some other State. He also stated that with the handing down of an unfavorable decision he would commence a civil action against the Governor and the Attorney General to recover damages for the expense he has already undergone to prepare for the fight here.

Attorney General Webb stated today that on account of proximity in time of the Kauffman-Langford contest which is scheduled for next Saturday he will ask for a temporary restraining order against that fight as the court will hardly have time to hear arguments for a permanent injunction against it.

As the big match does not occur until July 4th, the Attorney General does not see the necessity for similar action and the motion will be made for a permanent restraining order which in the meantime will not prevent the promoters from continuing with their preparations for the match.

It is hardly likely, however, that Rickard and Gleason will avail themselves of this privilege for they have ordered all work on the arena to cease. That the various promoters are preparing to shift the big fight as well as all other proposed contests to Nevada was made manifest this morning when it was learned that Billy McCarey had been dispatched to Reno with instructions to procure permits for the holding of two matches in that place. It was stated definitely by Joe Woodman, manager of Sam Langford, that one of the permits was for the purpose of bringing off the Langford-Ketchel fight July 2nd in the event of adverse action by the California authorities.

The second permit Woodman stated would be to hold the Jeffries-Johnson fight two days later. Rickard, however, said today that no steps had been taken by him toward transferring the scene of the fight. Gov. Gillett arrived today to preside over a mass meeting of the Panama-Pacific Exposition which is to be held this afternoon. He declared that he did not care what opposition he encountered, he proposed to carry out a clearly defined law and stop the fight.

Told of Rickard's plan to sue him, Gov. Gillett said:

"If Tex Rickard is looking for a fight with me he will get a bigger one than he has advertised for July 4th."

Reno After the Fight.

Reno, Nev., June 16.—A committee appointed at a meeting of business men today began preliminary plans toward getting the Jeffries and Johnson fight for Reno.

Reno is prepared to make a substantial offer for the fight. One of the things which Reno will guarantee will be absolute immunity from interference by State officers. The Nevada fight law requires only $1,000 license

Royal Japanese Couple Touring United States

Photo by American Press Association.

Chicago, June 16.—His Imperial Highness Prince Hiroyasu Fushimi, cousin to the Emperor of Japan, and his wife, Princess Tsune Fushimi, spent today in Chicago and vied with each other in saying "sweet and pleasant" things about Mr. Roosevelt, American aviators, the United States Navy, the temperature and the dress of American women. The royal pair, accompanied by their suite and John E. Wilkie, chief of the United States secret service, left tonight for Seattle after a busy day. "Col. Roosevelt is a great man," said his highness laughing. "In our country we think of him as always on the jump. And I guess that is the way he is spoken of generally."

When the Prince was asked his opinion of President Taft the local Japanese consul refused to allow him to answer, saying: "The Prince is not here on a political mission so please do not ask him any questions about politics."

Prince Fushimi was enthusiastic over the progress made by American aeronauts: "The progress the Americans have made in aeronautics is wonderful," he said. "I have watched the recent experiments with great interest, and when I go back to Japan I shall try to introduce aviation among the younger men. As for myself, I do not think I should care to fly. I think the United States Navy is a great institution, but I did not have time to study it is thoroughly as I would have liked."

The Princess, who is one of the most beautiful women in Japan, confined her spoken opinion to American women's clothes. "American women's clothes are pretty," she said through an interpreter. "I think the women of this country are the best dressed of any I have seen."

The royal pair is returning from more than a two year's stay in Europe. Most of the time was spent in England studying the economic and political institutions of that country.

BRIBE FOR LORIMER VOTE

Two More Illinois Legislators Declare They Received $1,000 Each—First Evidence in Support of White's Story.

Chicago, June 16.—Fourteen objections by the defense against the admission of the testimony of the State Representatives Meyer Link and Beckmeyer in the trial of Lee O'Neill Browne for bribery were overruled by Judge McSurely today after five hours argument. This permitted the first corroborative evidence in support of the story of Representative Charles A. White that he was paid $1,000 by Browne for voting for William Lorimer for United States Senator.

Myers was the first witness for the prosecution. His testimony was in effect that Browne had called him aside on the day of the election of Lorimer and asked for his vote, saying that there were lots of jobs and plenty of the "ready" for those who voted for Lorimer.

Representative H. J. C. Beckmeyer, of Carlyle, Ill., corroborated White in every material point. Beckmeyer said that he had been called to St. Louis as White had been and ther was handed a "package" by Browne, who remarked: "There is your Lorimer money."

Beckmeyer said he opened the "package" and found $1,000 in $50 bills.

The alleged payment of the $1,000 to Beckmeyer was made, he said, on June 21st, 1909, at the Southern Hotel in St. Louis, the same day on which White declared the general slush fund money was distributed. Beckmeyer said that on that day he saw Representatives Robert E. Wilson, Joseph S. Clark and Charles Luke in St. Louis.

The defense today promised to introduce a "confession" on its side of the case. Attorney E. C. Ebernstein, of counsel for Browne, declared he had found a witness who had confessed to entering into a plot with White to obtain money from Browne and Lorimer.

It was declared that the confession to be offered by the defense will prove that "a blackmail plot" existed.

NEGRO BIGAMIST SKIPS

Seven Women Claim Tucker As Their Husband—Bondsman Loses $500.

Richmond, Va., June 16.—The Rev. S. W. Tucker, pastor of a flock of negro christians at Shuffletown, near Richmond, has jumped his bail and disappeared, and his bondsman, Americus Dudley was called upon today to pay up $500. Seven women have come forward claiming Tucker as husband. Two more have written to the same effect from North Carolina. When Tucker was arrested for prowling at night around the house of still another colored woman, a rabbit's foot, a bottle of gin and a bottle of cologne were found in his pockets.

Lexington, Va., June 16.—Lexington has voted to issue $30,000 in bonds for streets and roads. The vote stood 109 favoring and 66 opposing the proposition.

STATE TEACHERS' ASSEMBLY

Busy Day Yesterday at Asheville—Important Recommendations Looking to Support of Education in State—Committees.

(Special Star Telegram.)

Asheville, N. C., June 16.—Beginning with the department sessions, early this morning the members of the North Carolina Teachers' Assembly assembled in the auditorium at noon for the address of President L. L. Hobbs, of Guilford College, followed by a report f the Committee on Teachers' salaries, drove over Biltmore estate in the afternoon and reassembled at 8:30 P. M. for the address of President L. D. Harvey, of Stout Institute, Menominee, Wis., and H. H. Williams, of the University of North Carolina, winding up the day by attending an elaborate reception tendered them at the Battery Park Hotel by the local teachers.

Prof. R. J. Tighe, chairman of the Teachers' Salary Committee, submitted a report, recommending two ways to increase salary, by raising the standard of the profession, by the establishment of a board of examiners under the direction of the State Board of Education for all teachers, and by the passing of a constitutional amendment, increasing the length of the term of public schools from four to six months. This would make legal an increase in the general assessment for school purposes from 18 to 23 cents per hundred dollars. The committee recommends the appointment of a legislative committee to work for increasing the general appropriation for the Education Board by $200,000, this money to be used in special tax districts.

The nominating committee for officers for the Association was appointed as follows to report tomorrow morning: J. Y. Joyner, superintendent of Public Instruction; W. P. Few, of Trinity College; R. L. Madison, of Cullowhee High School; . . P. Hobgood, of Oxford, and Miss A. M. Michaux, of the State Normal at Greensboro.

The committee on resolutions was appointed as follows: M. W. Walker, of the University; H. B. Craven, of Newbern; Mary O. Graham, of the State Normal; D. F. Giles, of Marion; John Graham, of Warrenton, and R. E. Sentelle, of Waynesville.

The assembly adjourns tomorrow afternoon.

AGAINST THE LEE STATUE.

Action of Virginia Condemned in Vermont Yesterday.

Montpelier, Vt., June 16.—Resolutions condemning the action of the State of Virginia in placing the statue of Gen. Robert E. Lee in Statuary Hall, Washington, were adopted today by the Vermont Department, Grand Army of the Republic, assembled in their 43rd annual convention. The resolutions declared that Virginia had aggravated the insult to the Union soldiers by draping the statue in a Confederate uniform and said that had a style of uniform in vogue prior to the Civil War been used, the action would find less opposition.

CALL OF MISSIONS WAS THE THEME

First Day's Session of Womsn's Missionary Union at Chadbourn.

REV. HOMER M'MILLAN SPEAKS

Cordial Welcome by Mrs. Brown and Response—Interesting Addresses and Other Exercises During the Day.

(Special Star Correspondence.)

Chadbourn, N. C., June 16.—Following the opening address of last night by J. O. Carr, Esq., of Wilmington, the Woman's Missionary Union of Wilmington Presbytery, convened at 9:45 this morning and throughout the day carried their work steadily forward. At noon an intermission of two hours was taken and a sumptuous dinner was served in the grove.

The opening session was called to order by the president, Mrs. Jackson Johnson. After prayer Mrs. Johnson announced the hymn, "I Love Thy Church, O, God." which she stated would be the opening and closing hymn for the sessions. She then delivered the president's annual address, the theme of which was a "Deside for the Best." "We want the best," said Mrs. Johnson and emphasized this point most strongly. As an expression of this desire she read a poem, "God has His best things for the few who dare to stand the test," which was very pretty and effective in illustrating her remarks. Mrs. B. F. Hall led in prayer, after which Mrs. J. A. Brown delivered a most cordial welcome to the visitors. She considered this not only a high duty but a privilege and said that she was actuated not only by feelings of hospitality and friendship, but by the higher feelings of devotion and love for the cause that has brought the Union together. She referred to the gladness of the welcome extended and regretted that she could not find fitting words in which to express some sentiment that might help to launch with greater enthusiasm and zeal the very important meeting which has for its object obedience to the command of the risen Lord to be His witnesses unto Jerusalem, Judea, Samaria and unto the uttermost parts of the earth.

Miss Sallie Hill responded to the address in appropriate words. Then followed reports of committees, of secretary and treasurer, new societies and the president's report. In the latter report a special plea was made for the Faison Male Academy.

The dinner served by the good ladies of Chadbourn was all that the heart and appetite could desire.

The meeting was again called to order at 3 o'clock and Mrs. W. G. Sale, of Wilmington, conducted the devotional exercises. Then followed a report on the May Johnson loan fund, a fund at the James Sprunt Institute by means of which three girls have been aided in their course this year—given by Miss Mary Colvin. This was followed by a report on the Faison Male Academy scholarship from Mr. Spencer. Only six societies had paid their dues to this fund. This left a deficit of $35 which was ordered paid out of the treasury.

A model missionary meeting was then conducted by Mrs. W. M. Cumming. This proved most interesting in every particular. It was conducted according to the plan laid down by the committee at Nashville. Mrs. Cumming's motto for the meeting was "Let Me Fail in Trying to Do Something, Rather Than Sit Still and Do Nothing." The missionary creed was read in concert.

Master Paul Brown was elected an honorary member and asked to act as page during the sessions.

The meeting adjourned until 8 o'clock this evening when Mr. Homer McMillan, of Atlanta, addressed the union. Mr. McMillan, who is of the Home Mission Board, gave an address that was the clarion call of the age and went deep into the minds of the people who heard it. He talked on the necessity of the home mission work; and if any one went there with the idea that this work is not important they went away thoroughly convinced that it is. He first showed the strategic position held by this country relative to the world's evangelization. "Two voices call us," said he, "to a more aggressive work; 1st, the words of the Master, and 2nd the field itself. No one who will look can doubt the need of the call of the home field." He then went on to show how that only one out of four in this country are connected with a Protestant church and only one out of three make any profession of religion at all; this meaning sixty million unsaved souls in the country today. To take the Gospel to these sixty millions and make them Christians is the work of today.

He then took up two departments of the Home Mission work, viz: the responsibility of the work and the opportunity that is at hand. "Foreign immigration," said he, "is the greatest problem of the church." He then went on to show the magnitude of this great stream of foreigners that are yearly pouring into this country, and the class of people of which they are composed. "They are not the choice," said he. "We had for years prayed that God would send the Gospel to the

United Company Denies Assertions of Inspector Mayer—Explanation of How Stock Was Manipulated —Conference Held.

New York, June 16.—While the Federal grand jury this afternoon was taking up an investigation into the alleged $20,000,000 swindle charged in connection with the arrests of United Wireless Telegraph Company officials yesterday, William Tompkins, president of the New York Selling Agency, arrested at Lake Mahopac on the joint indictment with President Christopher C. Wilson and Samuel C. Bogart, of the United Wireless Company, appeared before United States Commissioner Shields and furnished $10,000 bail for his appearance.

Tompkins was charged with Col. Wilson and Vice President Bogart with using the United States mails for fraudulent purposes, and postoffice inspector alleged that $20,000,000 of wireless stock had been sold to the public at fictitiously high prices and that the stock thus sold came from the holdings of Wilson and his associates.

Abraham White, former president of the American DeForest Wireless Company, absorbed by the United Wireless had a conference this afternoon with the United States district attorney and Inspector Mayer, of the Postoffice Department, who are conducting the investigation.

Mr. White admitted that the troubles of the United were under discussion and predicted interesting developments. He thought it possible he might be called before the grand jury.

At the offices of the United Wireless tonight a statement was given out in comment on the criticisms of the company issued yesterday by Inspector Mayer in part as follows:

"The condition which existed in the American DeForest Wireless Company before its acquisition by the United company, were not brought about by the present management of the United company.

"No literature issued under the present management of the United company ever stated that it had a controlling interest in other wireless telegraph companies or that it had large holdings in the Marconi company.

"At intervals the market value of the stock was advanced, but this was thoroughly justifiable in view of the increasing business of the company. It is not true as accredited to Mr. Mayer that while the inside officers of the company were privileged to sell their stock, all the outside purchasers were required to accept stock certificates stamped non-transferrable. The fact is that all purchasers of United Wireless received stock which was transferrable on the books at any time and a large amount of this stock has been transferred by holders from time to time.

"The stock issued to officers of the United for their salaries was based upon the selling price of the stock at the time it was so issued to them, and the stock was also issued for cash advanced by the officers, reaching at one time the amount of $167,120. The officers receiving it in order to recoup themselves for their advances, were thus privileged to sell, just as other stockholders were privileged to sell stock for which they paid cash.

"The further statement that operating expenses have been much greater than receipts is also untrue.

"We agree with Mr. Mayer 'that the real assets of the company consist of land stations, patents, manufacturing plants and real estate, but observe that either through ignorance of the facts or with the intention to mislead, he omitted a very important asset namely the numbers of ships equipped. We deny that any one officer or all the officers put together have cleaned up $5,000,000 and possibly $10,000,000."

NATIONAL T. P. A. MEETING

Convention In Progress at Chattanooga—May Amend Constitution.

Chattanooga, Tenn., June 16.—Proposed amendments to the constitution of the National Travelers' Protective Association were discussed at the afternoon of the convention here today. The effort to change the board of directors so as to have a majority reside outside of Missouri failed as did the proposition to pay a weekly benefit to members partially disabled by sickness or accident.

A resolution recommending that the T. P. A. convention extend its greetings to Theodore Roosevelt upon the occasion of his return to America carried with rousing cheers.

Enthusiasm was aroused by a message from Washington announcing that the excess baggage clause would be retained in the railroad bill.

"We nabbed the first one handily,
Which helps us on our growing way;
And, if things break nicely
We'll grab another game today."
—Sailors' Chanty.

With the brightening of the skies, all teams of the Eastern Carolina League resumed business yesterday, Wilmington taking the game from Rocky Mount on the local grounds, one to nothing; Fayetteville defeating the ertswhile champions five to three on the home grounds thereby taking the lead in the percentage column, and Raleigh administering defeat to the Giants three to one, making it possible for the Sailors to crawl up in third position.

The game here was well played, the Railroaders being a fine body of men and clever ball players. Wilmington scored the lone run of the game in the very first session after Gillespie's fly to left, Novak's out second to first and Stein's whiff had retired Rooky Mount. Kluttz, first up, ethered and Dubbs was out third to first. Tydeman then singled over second and stole second, scoring on Mills' long drive to right field, Carroll ending the frame by fanning.

A near-score developed for Rocky Mount in the second when after Schuman flew to centre, Phelan walked and was advanced to third on Creagan's hit over second. Gastmeyer then flew to centre, who held Phelan on the tertiary, but Creagan stole second and Phelan was caught trying to squeeze home. It was also a near score for Wilmington when after Cooper fanned, Burke singled to left and Gilmore hit over third for a double, advancing Burke to third. Gehring then walked filling the cushions, but Kluttz whiffed and Dubbs was out on grounder to third, killing Gilmore there.

Cooney, Munson and Gillespie had the only trys for Rocky Mount in the third but Tydeman started Wilmington's half with a life on error of short; Mills sacrificed him and Tydeman was safe at third on Carroll's drive to third, fielder's choice; Cooper up and Carroll stole second, Cooper flying to short and Burke fanning.

Schuman safetied after two were out from the infield in Rocky Mount's fourth, while Gehring singled over second in Wilmington's half after Gilmore was out third to first; Kluttz flew to left; Dubbs was hit by pitched ball, but Tydeman was out short to first.

Both teams were out in order in the fifth and in the sixth Munson was safe on error of third, while Gillespie was out on a bunt, Myers going to second on error and stealing third, but Novak flew to second and Stein was out short to first. Gilmore started Wilmington's with a bingle over third but Gehring was out on attempted sacrifice, while Kluttz flew to short and Dubbs forced Gilmore at second.

With the exception of Tydeman's opening Wilmington's half of the seventh with a bingle to left and being sacrificed by Mills, neither team was able to accomplish anything in the seventh and the same was true of the eighth, Kluttz securing the hit after two were down. Gillespie started the ninth with a bingle over short and was sacrificed by Novak, but Stein fouled to catcher and Schuman flew to right.

INSURANCE MEN ON TRIAL.

Charged With Conspiracy to Raise Rates in Newport News.

Newport News, Va., June 16.—In the trial of the 23 members of the Southeastern Underwriters' Association charged with conspiracy to raise fire insurance rates in this city, it was developed today that in a comparison of fire insurance rates, Winchester with a population of 7,000, and with one paid fireman, is rated as a first-class risk, while Newport News with 20,000 inhabitants and three equipped fire companies, rates as second class.

The commonwealth has taken eight days to present its case and may continue for the rest of this week.

BATTING RALLY IN THE NINTH

And Goldsboro Lost the Game to Raleigh Three to One—Both Pitchers Effective Until Stoehr Weakened.

(Special Star Telegram.)

Goldsboro, N. C., June 16.—In a ninth inning batting rally Raleigh took a pretty game from the Giants today. The Giants scored their run in the first when Wolf stole home. In the ninth Clemmons started things off with a two-bagger which was followed by three clean singles, netting the Red Birds three runs. Wolf played gilt-edged ball all around. Both pitchers were effective until Stoehr weakened in the last round.

AFFAIRS AT WASHINGTON.

Beaufort Farmers to Organize—Rains Damaging Crops—Land Sale.

(Special Star Correspondence.)

Washington, N. C., June 16.—Saturday, June 18th, will be fittingly observed in this city as Farmer's Day and from present indications there will be several hundred farmers in attendance. The object of this meeting will be to organize the Beaufort County Farmers' Educational and Co-operative Union of America. It is understood that the purpose of the Farmers' Union is, to establish justice, secure equity, apply the Golden Rule, discourage the credit and mortgage systems, educate the agricultural class in scientific farming, teach the farmers the classification of crops, domestis economy, and the process of marketing, eliminate the gambling in farm products, and to secure and maintain profitable and uniform prices for their products.

The recent heavy rains are doing a great deal of damage to the crops in this section. The potato market during the past few days seems to be in a stagnant condition, the prices ranging from $1.10 to $1.25 per barrel, with but small lots coming in, owing to the rains. It is feared that the stock will be rotting and there will be but little demand.

On yesterday morning that portion of land on the eastern suburb of the city known as the old race track, and belonging to Messrs. Nicholson and Dumay of this city, was auctioned off by a real estate company, more than 30 building lots being sold in a very short while.

FAYETTEVILLE GOES HEAD

For Second Time Pulled Wilson From Top Perch—Fine Work by Highlanders at All Points of the Game.

(Special Star Telegram.)

Fayetteville, N. C., June 16.—Fayetteville for the second time pulled Wilson from the top perch by taking today's game 5 to 3. Hearn yielded six hits and seven bases on balls. The Highlanders out played the Tobacconists in the finer points of the game. They scored five stolen bases and three sacrifice hits while Wilson made none of either. O'Halloran's, Stewart's and Mullin's fielding featured.

MOVE AGAINST CANNON.

Fowler Introduced Resolution—Asks New Committee.

Washington, June 16.—Representative Fowler introduced a resolution today requiring the Rules Committee to report a rule to the House at the beginning of the next session, providing for a committee on committees. It was referred to the Rules Committee. Speaking of his resolution, Mr. Fowler said:

"The issue is a simple and naked one. Are you in favor of Cannonism with all its crimes of political blackmail and political corruption or are you against it. That is the question.

"There is no possible doubt of the unfaltering purpose of the progressive Republican members to destroy one man autocracy in the House of Representatives. Will the Democratic members hesitate to join and aid in this purpose despite the declarations of their last National platform?"

Salutations from third place!

Well, the weather was fair enough!

The Kilties Wilmington-ed Wilson.

The Rocky Mount team is uniformed quite nattily.

Which was a beautiful fielding game, all right.

Rocky Mount certainly has a whip-arm at third.

Visiting and home twirler each strolled one man.

Raleigh's defeat of the Giants places us in third position.

Gehring permitted only three hits off his serving, and spread 'em too.

By smearing it on those near-champions Fayetteville assumes the lead.

Ridgeway, pitcher from the Carolina Association, has joined the Red Birds.

The Railroaders are a hefty, stocky set of men, everyone being of the Mission type.

Time and again the Sailors colonized on the bags, but couldn't thread their way in.

Ty slouched along with only two hits. Tidy Ty it shall be now, and henceforward.

Goldsboro has turned loose Catcher Fulton. Fulton's a good ball player, and a clean one.

Gilmore tore off a double and a single; Mills, Burke, Gehring and Kluttz got a one-sacker apiece.

Cooper made a tasty stop dead on the cushion of a hot drive in the 8th that was sadly in need of Gillette-ing.

One good thing about that Munson, he never misplaced his smile throughout the whole proceedings. That takes.

Tydeman singled the first time up, kleptomaniaced the pivotal pillow, and coasted over the hearthstone on Mills' rap to right.

The way old Ty histed his kicks and carpet-bagged into port the first session was a rare sight. "Did he run?" "No Mam; he aviated."

Munson fanned two apiece in the opening inning, and repeated the performance again, but allowed hits to creep in meanwhile.

Why do we always draw Umpire Davis? Said arbiter was decidedly off in balls and strikes, and both teams suffered on one or two decisions.

Let's show these other towns what kind of attendance we can turn out today and tomorrow. And leave your mufflers off before taking the car out.

Mills stunted with a beautiful backward catch of Gillespie's flying bunt in the 6th, and a leaping stab of a throw-in from short in the same frame.

Kluttz ground out a steady game in the central reservation, and, incidentally, pulled off a moving scooping shoe-top catch in the 8th that had a tang to it.

Speaking of the wild-cat stands outside of many of the Northern parks, of which we've seen a few, they're not in it at all with the stately pines surrounding the local lot.

There was a noticeable lack of rooting in the stands. At times a regular Mandalay quietude prevailed when "the silence 'ung that 'eavy you was 'arf afraid to speak." Have the bugs lost their voices?

Don't get an idea in your dome that the Sailors are going to walk all over the Railroaders this series, and therefore stay in town and sulk. There's baseball on tap at the park, and don't you forget it.

Outfielder Prim has been cast adrift by Raleigh. The move was made necessary on account of keeping the team down to thirteen men. Third Baseman Simmons has been made Captain of the Birdies.

The attendance was disappointing, especially in view of the good game that was served up. If the games are not to be patronized when the boys are going good and playing winning ball, when will they be.

Some foxy fan suggested if His Umps was afraid of tempting Providence by judging the play aft of the pan, he station himself in the rear of the Durham tobacco sign, which inspires the thought that it really would be a Bully place.

AFFAIRS AT THE CAPITAL

Movement for Y. M. C. A. in Raleigh. Reward for Murderer—Sheriff's Settlement—Campaign in Wake Quite Lively.

(Special Star Correspondence.)

Raleigh, N. C., June 16.—At a special dinner given to citizens especially interested in the organization of a Y. M. C. A. and the erection of a suitable building in Raleigh, last night, a resolution was adopted providing for an intensive campaign to be inaugurated in the early Fall for subscriptions of $65,000 or $100,000 for a suitable building, there being no intention of organizing a Y. M. C. A. until a building is erected.

Special guests at the dinner last night were G. C. Huntington, Y. M. C. A. secretary for North Carolina; J. J. Stone, president of the Greenesboro Y. M. C. A., and R. C. Hood, of Greensboro, who was active in the recent successful campaign for a $65,000 Y. M. C. A. building in Greensboro. Mayor J. S. Wynne, N. B. Broughton and Jno. T. Pullen are the leaders of the movement here.

Governor Kitchin announced a reward of $150 for the arrest of Sheppard Smith, wanted in Wayne county, for the murder of Albert Sykes on April 23rd.

There are being sent out from the office of the adjutant general of the National Guard to each company in the State handsomely bound copies of "Field Service Regulations, 1910." The limited number received from the War Department makes it impossible for more than four copies to go to each company.

The Ramos Typewriter Co., Wilmington, received a charter today with $6,250 capital subscribed and $60,000 authorized, the incorporators being J. S. and J. V. Ramos, R. W. Wolfing and others. There is also a charter for the Unionville Manufacturing Co., of Unionville, having $125,000 capital authorized and $4,000 subscribed by J. B. Little and others.

A big representation of the Raleigh Merchants' Association assembled in the rooms of the Corporation Commission for the hearing in the petition of citizens for the railroad companies to be required to make more adequate remodeling and enlargement of the union station here, members of the Merchants' Association being the special petitioners. The railroads are spending $15,000 on the place. The demand is for them to purchase an adjacent property for the enlargement of the building and for additional tracks that they insist are badly needed. The representatives of the railroad company insist that the changes under way are ample and have been duly approved by the Commission and committees representing the citizenship.

An annual settlement just had by Sheriff J. H. Sears with the Wake county commissioners for the 1909 taxes shows that the sheriff's commissions for collecting the taxes aggregate $7,900. The grand total of the taxes for the State and county is $266,755.58. Of this $46,822.47 is State; $45,088.42 general county; $53,303.45 roads; $1,216.33 railroad, and $7,939.45 for special bonds. Then there is the school tax which aggreagtes $112,385.46. This is divided as follows: State, $52,802.49; graded school, $42,671.58; special school tax, $13,390.85 and school bonds, $3,620.54.

The steady rains do not seem to be having the least bit of a dampening effect on the Wake county Democratic campaign for the June 25 primaries. Both the "insurgents" and the "regulars" are now putting in licks on a double quick schedule. Indeed the "regulars" are holding two and three rallies each day and evening and the "insurgents" are on a very similar schedule, there being, however, no joint discussions. The fact is that the feeling and personal vituperation between the two factions of the party have become so bitter that it would be next to impossible for any groups of the contending campaigners to get together for a discussion of the "issues" without coming to blows or having members of their audiences clash quite seriously. General expressions of regret are heard on every side here among the State officers and others, at the bitterness and criticisms and counter criticisms that are characterizing the culmination of the primary campaign. It is pointed out that the published charges and mutual denunciations are assuring the Republicans the most formidable "big stick" with which to lambast the Democrats in the regular campaign, no matter which side wins.

THE CONVENTION ADJOURNS

Interesting and Inspiring Addresses Yesterday at Burgaw—Officers Elected for Ensuing year. Other News Notes.

(Special Star Correspondence.)

Burgaw, N. C. June 16.—The second day's session of the Baptist Sunday School convention at Burgaw was called to order at 10 o'clock today and a helpful and inspiring devotional meeting was conducted by Rev. J. A. Bryson, of Funston.

The opening address of the day was by Rev. C. F. Whitlock, of Wilmington, on the topic, "What Should the Sunday School Do for the Church?" He emphasized the thoughts: 1. That the Sunday School should train the members of the church for work. 2. That it should furnish places for its members to work. 3. It should teach the Bible to the members of the church, and if a church Sunday School should teach its own members in the views held by that church. 4. It should make converted material for the increase of the membership of the church.

Presiding Elder Cuninggim, of the M. E. Church, was recognized and asked to speak, which he did in a most pleasing way by emphasizing one thing which the Sunday School should do, viz.: Train the church member in systematic giving.

Pastor Lance, of the Methodist Church, and Pastor Sykes, of the Presbyterian church, were present, and made some helpful remarks. Rev. R. E. Peele brought up the rear with one of his strong speeches, which closed the exercises of the morning, and after singing by the excellent choir, the meeting was closed for the morning by prayer by Mr. Cuninggim, and a fine dinner was enjoyed by all.

Afternoon Session.

The afternoon session was called to order at 2 o'clock and Rev. G. A. Martin led the opening prayer. The chief address of the evening was delivered by Rev. R. E. Peele, and his subject was "The Big Boy and How to Deal With Him." It was entertaining, instructive, graphic, funny, pathetic, and everything else, if there is anything else.

This was followed by several short talks.

The next question was "How to Get Supply Teachers," and it was very forcefully and ably discussed by Rev. J. A. Bryson, of Funston. He was followed by E. L. Womble, of Atkinson, who gave some very pointed and helpful instructions as to the providing of supply teachers.

The convention then held a business session in which the following officers were elected for the ensuing year: Rev. W. B. Rivenbark, president; Rev. R. E. Peele, vice president, and E. L. Womble, secretary and treasurer.

Other routine business was transacted and a hearty vote of thanks given to the people of Burgaw for their generous and hospitable entertainment given to the delegates and visitors. After this the convention finally adjourned to meet at such time and place as may be arranged by a committee.

RAINS CAUSE BIG DAMAGE.

Destruction in Shenandoah Valley of Virginia.

Winchester, Va., June 16.—Torrential rains the past 24 hours have caused great damage in the Shenandoah Valley. The Southern Railway was blocked by a big wash-out near Broadway, Va., and the Baltimore & Ohio tracks at Strasburg were inundated. Streams are out of their banks and growing crops have been seriously damaged, the wheat being thrown down badly. Rains have fallen in the valley practically every day for eight consecutive days.

Atlanta, Ga., June 16.—Charging that her husband, S. Afl Magill, nagged and complained continually and that he was habitually intoxicated, Mrs. Mattie Howard Magill today applied for a total divorce and the custody of their four children. Mrs. Magill is a stepdaughter of General Clement A. Evans, passed commander in chief of the United Confederate Veterans.

ARE YOU A WOMAN

Mrs. Ison, of Baltimore, Tells of An Experience of Special Interest to Women.

Baltimore, Md.—"For several years," writes Mrs. W. H. Ison, of 1419 East Madison street, "I suffered off and on, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I fell off in weight, until I was nothing but "skin and bones."

My neighbors said they never saw anything like it. I believe I would have been in my grave, if I had not heard of Cardui. It is wonderful, and I shall praise it as long as I live.

I am improving all the time. I do all my housework, and feel fine. I hope you can print my letter so it may induce others to give Cardui a trial."

Many women, like Mrs. Ison, are weak, worn out and discouraged, on account of some painful, obscure, womanly ailment.

Are you one of these sufferers? Cardui will help you. It has helped thousands of other women. They write enthusiastic letters, as Mrs. Ison did, from all over the country, telling what this remedy has done for them.

Cardui relieves, by acting on the cause of the trouble.

Its prompt action has restored thousands to health.

It will help you too.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, In Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing *only*. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY [Inc.] Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 31; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith

Friday, June 17th, 1910.

A Congressman's salary is $7,500 a year. It is possible that a man may not earn it but he is entitled to it as an indemnity for hard things said about him whether he sets the woods afire or not.

The good old Republicans may as well do the Tom Watson act and come into the Democratic fold. Laeve it to Butler and Duncan to fight it out among themselves as the minority Kilkennies.

Now that Congress is about to adjourn the Democrats will wonder if the insurgents will be true to them till they meet again. However, the insurgents may not be able to come back without a free pass.

The esteemed Washington Post remarks that "Miss Democracy now knows that Senator Dolliver is only a horrid flirt.' Nevertheless, the maid enjoyed it every time the Insurgent Senator embraced her doctrine.

It is announced from Washington that Congress will adjourn in a few days. Washington, of course, will be sorry but the balance of the country will make no conspicuous demonstration of sympathy with the National Capital.

Pinchot may tell his tale of woe to Col. Roosevelt after tomorrow but as soon as Ballinger gets the ear of the high brow hunter he will tell the Rough Rider that what his former chief forester says isn't worth a Pinchot monkey snuff.

The row between the Democrats in Wake county is a campaign of education. It will teach them that whatever they do they must never let each other find it out. It is most likely also that many can hereafter draw upon an enlarged vocabulary of invectives and expletives.

Said Senator Cummins: "I will not lie for the Republican party." He'd better get out then, for in the vernacular of Wade Harris, it takes "mendacity" and plenty of it to try to clear the skirts of the G. O. P. To be a Republican and praise the party puts a Sampsonian strain on veracity.

The worst panic the country ever experienced occurred under the Roosevelt administration. Under the Taft administration the cotton mills are shut down in spite of a campaign promise of prosperity under the Republican party. These things will impress some people that hard times come in spite of the Republican party, and that prosperity is not the creature of buncombe.

It is learned from the Washington Post that the Agricultural Department is preparing for distribution under government frank a pamphlet in vindication of hot bread. The Republican campaign committee should not be allowed to use that bulletin for the purpose of winning the Southern vote.

A feminine contributor to the magazines, who glibly gives out advice by the column to her sex, announces the discovery that "the way for a wife to manage her husband is to let him do as he pleases." She don't know her sex. No woman will think of permitting her husband to behave like an insurgent.

The Charlotte Observer did not violate the rules of modesty in saying this: "We hate to brag, but, with so many occasions, the temptation cannot always be resisted. North Carolina is the first Southern State to take up a large issue of bonds almost entirely at home." North Carolina set the pace, and we should let it be known so other Southern States can follow the good example set by the pacemaker.

DOGS, TRUSTS AND THE TARIFF.

The Greensboro Telegram remarks: "We favor race suicide in connection with the dog question."

That reminds us that the dog is an inveterate and ultimate consumer, yet he lies around and produces nothing. It can be asserted almost unanimously that the average canine is a nuisance and it is known of all men that his breed makes an enormous financial and economic drain upon this country. It is estimated that five hogs can be raised on what a dog eats, and if it weren't for the common curs millions of sheep could be raised in North Carolina. With the sheep-killing dog eliminated, we would have plenty of mutton and this would become a wool-producing State and possibly the centre of great woolen manufactories. More hogs and less dogs would mean more North Carolina hams, the curing of which and the flavor whereof caused Virginia to imitate in a spirit of gnawing envy that almost amounts to malice.

It is hardly necessary to mention what the sneaking and worthless suck-egg hound does in limiting the possibilities of scrambled eggs and chicken pie. He prowls around day and night and we strongly suspect that it can be proved that when he comes in from his rounds he tolls in the pellagra gnat. At any rate he is so infinitely trifling that the mange fastens onto his slats as an earthly punishment for his deeds as the chief malefactor of the breed. The flop-eared specimen also is the captain of the flea industry and he ever seems absolutely indifferent to the fact that the flea vies with the mouse in making women display their agility.

The dog could be indicted for a long list of offenses among which is neglect of duty in failing to bite knockers, pessimists and thieves. He lives an unprofitable life and yet nobody appears really to want to kill him till he bites an innocent child or sends all of the family to the Pasteur Institute to be treated for the hydrophobia scare. The dog is always biting the wrong man instead of the grafters, the loafers and the subscriber who won't pay for his paper.

Notwithstanding the fact that the dog can be indicted on hundreds of counts and the proof would be indisputable and overwhelming, the jury will stay out all night on his case and finally acquit the dog because he has the reputation of being "man's faithful friend." Somehow or other the dog can get an immunity bath with as much ease as a trust or a National Republican official whose exposure might hurt the party.

The fact is, the dog has some way of making so many strong friends that a cross-roads politician will line up with the dog crowd every time. In fact, the dog has his unreasonable constituency all over the world, and a politician would rather catch the mange, be eaten up with fleas and run the risk of getting pellagra than to run the risk of getting the friends of the dog down on him. The candidate upon whose brow wisdom sits enthroned will rear up with Roosevelt-ean strenuosity and pretend like he favors an anti-trust law with teeth, because he knows that the crowd is with him. However, if you spring the dog issue on him you can put him up a tree every time. No real office-seeker will harbor any courage of convictions when he is out for votes in a country which stands for the dog.

The fact should not be overlooked that in North Carolina the dog is not an offensive partisan and so he stands equally in favor with all parties. About the only possible ground upon which fusion could be brought about between Democrats, Republicans, ex-Populists and the colored contingent would be the proposition of a dog law. They would readily fuse into a strong opposition, and certainly the dog can always count on the support of the Republican party, for it never will go against him and thus be guilty of the only political breach of faith that could possibly alienate the colored vote. It can be truly declared that the dog has no principles and no politics, and hence he has no opposition. In that respect some men are like dogs, and that may account for the fact that they always get elected over men who have convictions and declare them.

No North Carolina Republican would kick dogs in general, but the old liners would reasonably be expected to jump on Marion Butler's dog with both feet. If the truth were known, President Taft also stands for the dog and would let most all the Washington dogs lie around on the White House lawn. It is safe to say, however, that he would put out poison and food with ground glass in it for an insurgent's dog.

P. S.—There are some dogs which are notable exceptions to the average dog and nobody would care to either assault or kill the meritorious family pets, office mascots, 'possum dogs, fox hounds, etc. One of the latter class is the Star's mascot "Jack," and although his principal function is to sniff around the office for rats and nurse long-standing malice against "Fox" Howard's big mastiff Caesar, up street, there is not a man in the office who wouldn't mob the dog-catcher if he should ever get "Jack" in his net.

After all, we presume that most people and also colored individuals have dogs with traits and qualities which they are stuck on, and that probably accounts for the fact that the campaign against dogs is about as hopeless as the ultimate "busting" of the trusts by their friend, the Republican party. When the tariff gets revised by its friends, the dog will be exterminated by its friends.

SOUTHERN OPPORTUNITIES.

Capitalists or syndicates who invest in large tracts of fertile Southern lands, subdividing them into small farms prepared for cultivation, and equipping them with suitable homes and buildings, will discover a new and broad field for profitable enterprise.

The eye of the world is now on the South and the possibilities of this country were never so generally recognized throughout this country and Europe. With homes and farms ready for producing crops at once, and capable of making money crops practically every month in the year, there will be great inducements for homeseekers to come South. If the people who are going to Canada from our northwestern States knew that they could buy homes and farms on easy payments and get assistance for their settlements from promoters, we have no doubt the tide of emigration would turn this way—especially to North Carolina. Therefore, the oportunity is ripe for the establishment of colonies or for the sale of farms ready for operations.

Southern lands produce in abundance nearly every crop grown in all other countries, and above and beyond all that, the lands are peculiarly and specially adapted to the greatest money crops of the world—cotton, tobacco, peanuts, early fruits and vegetables, etc. As the world's demands for cotton alone are now taxing the South's labor capacity, as the world also affords a universal market for tobacco, and as the greatest cities of America are the near markets for all Southern products, it is a safe prediction that land values will increase as a logical consequence.

North Carolina land investments are specially attractive because they are only twenty-four hours time by rail from markets supplying 30,000,000 of people. This is only a hint for the man who would like to salt down his money where the possibilities for increase have logic, climate and general conditions on their side.

Healthy public opinion depends upon the kind of food it feeds upon.

The man who didn't testify for Secretary Ballinger also belongs to the snake family. Most of the newspaper shops in the country are snake dens.

CURRENT COMMENT.

Of course, if Mr. Seyford is right, that all crimes are due to a fear of poverty, we really ought to quit being so harsh with the Sugar Trust.—Indianapolis News.

Former Representative Powers says it is not possible to stay in Congress and keep a good moral character. He ought to know. He stayed there a long time.—Washington Times.

Yea, Verily. It would be no more difficult for a camel to enter the eye of a needle than for Roosevelt to indorse the Taft administration and get away with it.—Greensboro Record.

According to the Burnsville Eagle, the Yancey county jail received a prisoner last week after having been vacant for more than two months. When North Carolinians do set out to be good, they can be very good indeed.—Charlotte Observer.

Even cotton manufacturers have learned that a Taft administration doesn't necessarily mean big dividends. Many cotton mill operatives voted for Taft because he promised a "full dinner pail." Work on half time is a fine way to fill it, isn't it?—Fayetteville Index.

At last we have had some cotton weather. Cotton never grows much as long as you need a quilt or a blanket at night. When you can sleep comfortably without cover, then you may know cotton is moving. The cotton crop in all this section is unusually small for the middle of June.—Fayetteville Index.

Two of the ablest men of this generation are Mr. Joseph P. Caldwell, of the Charlotte Observer, and Maj. Wm. H. Bernard, of the Wilmington Star. Ill health has compelled the retirement of Mr. Caldwell in the prime of life and his many friends hope that he will be restored to health so as to return to his post. Major Bernard won his military title as a brave soldier under Lee and retired when the three score and ten admonished him that he should retire from the strenuous work on a daily newspaper. His friends hope that he will be long spared. At the recent session of the State Press Association, both these distinguished editors were elected honorary members—a fitting appreciation and honor.—Raleigh News and Observer.

In his big speech in the Senate Monday excoriating President Taft, Senator Dolliver, of Iowa, got off many smart things but nothing smarter than this: "The truth is, that last year witnessed two events of world-wide interest and significance—the discovery of the North Pole by Dr. Cook and the revision of the American tariff downward by the Senator from Rhode Island, each of them a unique hoax and both of them unhappily introduced to the favor of the American public by the highest official congratulations." Cook and Aldrich, what a pair to draw to. And, by the way, while new parties are being launched what is the matter with this combination for President and Vice President respectively. It would appeal powerfully to the people who love to be humbugged and this class is legion.—Salisbury Post.

Aside from the question as to whether or not Congressman Morehead violated the law against the abuse of the franking privilege, in sending out broadcast letters in support of Mr. McNinch's candidacy, there is another phase of the letters not unworthy of notice. In the course of his letter the Congressman from the fifth, who is endeavoring to name the candidate in the ninth, abjures his fellow citizens to cease voting the Democratic ticket from "force of habit and tradition."

The man who is victimized by such gratuitous advice as this has every reason for offense, that is if he has any sort of independence in his make-up. The veiled inference that Democrats vote not as they think and believe, but as habit and tradition prompt, is an insinuation against intelligence which no thinking man can well brook in quiet. Such appeals, insulting to integrity and brains, as they are, can only have weight with the ignorant and little there. In short, Mr. Morehead charges in his letter his Democratic brethren with being an unthinking set of imbeciles, who perform their duties of citizenship with the same intelligence as that shown by one sheep in following another. If there are any Democrats who can swallow the insult, and be influenced by the plea, the sooner the party is rid of them the better for it. We do not believe there are such—Charlotte News.

JUDGE A. W. GRAHAM.

Mr. Editor:—The friends of Mr. Lee, having to admit the eminent qualifications of Judge Graham for the office of Corporation Commissioner, now raise two objections to his nomination. First, that he is an eastern man; second, that he has a brother and brother-in-law in high office.

They overlook the fact that Mr. H. C. Brown, now a Corporation Commissioner, based his claim to office upon the ground that he was a western man, from Surry county, only two counties removed from the Tennessee line, and as such he was the logical successor to Mr. Rogers, another western man. I can only say it is to be supposed that a gentleman knows where his own home is.

As to the second point, they seem to have temporarily forgotten that in North Carolina it is no crime and no detriment to a gentleman to be related, by blood or marriage, to one whom the people have chosen as a public servant, no matter how high his position.

They seem to ignore the fact that for ten years two Kitchins occupied seats in Congress at the same time, to the honor of the State, and one of them was promoted to the chief magistracy of the State; and that for twelve years two Allens have adorned the Superior Court bench and one now aspires to a seat on the Supreme Court; and again, that for ten years or more while Hon. Yates Webb has been standing up for his constituents so valiantly on the floor of Congress, his brother, Hon. J. L. Webb, has been dispensing justice as a judge of the Superior Court; and from Mr. Lee's own district we had the matchless Vance both as Governor and Senator, while his distinguished brother Robt. L. Vance, served in the lower house of Congress.

Neither locality nor relationship to men in office should be the test of fitness for office. Capacity to comprehend and courage to execute the law should be the true test. Apply this to Judge Graham and we will be satisfied.

RAINS IN CRAVEN.

Bridges Swept Away and Much Damage Done—Other News Notes.

Newbern, N. C., June 16.—During the past 12 days more rain has fallen in Craven county than has fallen in many years during the same length of time. Citizens of the rural districts coming to this city report that many of the bridges which span small creeks within a radius of 20 miles of Newbern have been washed away and that much damage has been done to the Norfolk & Southern's tracks which cover this section.

The heavy rains have also caused a partial exhaustion of the local potato market; the producers being unable to get them to a shipping point. It is hoped that this phenomenal wet season will soon end.

It has been rumored that the committee of arrangements which has charge of the preparations for the State Firemen's Tournament and Bi-Centennial which will be held in this city July 25th to 30th, are endeavoring to secure President Taft to deliver the opening address for the occasion.

It has been ascertained that he has no previous engagement for that date and it is more than probable that the committee will be successful in securing this noted personage.

BRUNSWICK NOTES.

Streams Badly Swollen—Good Roads Being Agitated.

(Special Star Correspondence.)

Winnabow, N. C., June 16.—On last Sunday, at the home of the bride's father, Mr. J. K. Outlaw, and Miss Lundie Ward were united in marriage. The bride and groom are very popular young people of Brunswick county. The groom is a prosperous farmer and horse dealer of this place and the bride is a popular young lady of Phoenix, N. C. Their many friends wish for them a happy and prosperous life.

There has been quite a heavy rain fall in this section for the last few days. The R. F. D. carried only served half of his route today on account of washed up bridges.

Mrs. J. Johnson left yesterday for Chadbourn, N. C., where she will attend the Ladies' Missionary Union of the Wilmington Presbytery.

Old Brunswick seems to be waking up on the good roads question. Smithville township has voted $20,000 bonds for good roads, and Town Creek is asking for an election to vote $15,000 bonds for good roads.

MAJ. A. B. STRONACH'S WILL.

Estate Valued at $75,000—$500 to the Presbyterian Church.

(Raleigh News and Observer.)

The will of the late Major A. B. Stronach, which was filed with the clerk of the court yesterday, shows his estate to be worth $75,000, and consisting principally of real estate. To the First Presbyterian church, of this city, of which he was a devoted member, Major Stronach left the sum of $500. To the Soldiers' Home he left $100; to Miss Esther MacCruder, $100; to Mrs. Ellen Seawell, $100, and to the Associated Charities, $100. The balance of his estate will go to his surviving wife and children. As executrix he appointed his wife, Mrs Mary A Stronach, and his daughter, Miss Katherine Stronach.

Mexican Mustang Liniment

For Poultry Ills.

Try it before you apply the hatchet to a sick fowl. It's cheaper and more satisfactory. Poultry raisers have found it an unfailing remedy for Roup, Pip, Canker, Gaps, Scaly Legs, Swelled Head and Eyes, etc.

This testimony proves it.

CAMBRIDGE SPRINGS, PA.

GENTLEMEN:—

I will tell you of a cure I made last week with Mexican Mustang Liniment. Had a hen so bad from a cold that her ears were swollen out as large as a hickory nut and full of matter and thick pus. Applied Mexican Mustang Liniment four times and to-day turned her out with the flock a well hen. Last Winter cured a very bad case of canker with three applications. I use it for nearly everything.

Respectfully yours,

BISHOP'S RETREAT AT BEACH

Will be Held at Wrightsville Beac' Again This Year for Ten Days. Full Programme Has Been Announced.

The "Bishop's Retreat", an occasion for the coming together for prayer and study of all the Episcopal clergymen of the Diocese of East Carolina, is announced for Wrightsville Beach again this year, beginning Tuesday, June 28th, and continuing for ten days. The meeting last year proved very helpful to the large number in attendance and the "Retreat" has come to be a pleasant feature in the year for the clergy of the Diocese. The indications are that there will be a very large attendance this year.

The special study will be the English Reformation and a very full programme has been planned. The speakers, with subjects assigned, are as follows:

"The Council of Whitby."—Rev. W. J. Gordon.

"Archdeacon Theodore."—Rev. J. H. Griffith.

"Relation of William the Conqueror to the Church."—Rev. W. R. Noe.

"Struggle Between Henry II. and Thomas a Becket."—Rev. C. N. Tyndell.

IMPORTANT REAL ESTATE DEAL.

Boney & Harper Milling Co., Purchased Property on Nutt Street.

By deed filed for record yesterday William E. Worth & Company and Wm. E. Worth, trustee, transfer to the Boney & Harper Milling Company, for $20,000, property on the west side of Nutt, 66 feet south of Walnut street, fronting 66 feet on Nutt and extending back to the river. The deal was consummated some days ago but the deed was not filed for record until yesterday. The sale of the property is subject to certain leased rights of the Atlantic Coast Line, which has tracks a few feet to the west of Nutt street.

Other deeds were filed for record yesterday as follows: J. O. Carr, Esq., commissioner, to B. F. Hall, for $200, 72 acres of land in New Hanover, adjoining lands of John W. and R. S. Murray; J. W. Freeman and wife and H. F. Wilder and wife to G. A. Jones, for $100 and other considerations, lot on east side of Eighth, 119 feet south of Dock street, 35x150 feet in size.

CANETUCK SECTION AGAIN.

Rapid Rise of Cape Fear May Flood Crops—Farmers Uneasy.

Reports from the Canetuck section of Pender county yesterday were to the effect that crops would be greatly damaged throughout that territory if the Cape Fear river reaches the predicted stage of 42 feet. Growers have been uneasy for several days on account of the constant downpour of rain and there was much inquiry yesterday from interested parties in Wilmington in regard to the rapid rise.

The farmers fear a recurrence of the destructive flood of the Summer of 1908. Crops have already been damaged to a great extent on account of the heavy rains. The water reached flood stage yesterday and continues to rise, but the clear weather throughout the day was reassuring for the safety of the crops.

The Recorder's Court.

The principal defendant in yesterday's session of the Recorder's court was Pompy Prince, colored, who was charged with disturbing an excursion party, having made considerable trouble Wednesday night on the steamer Wilmington, which had on board a large number of negroes for an outing on the river. The case was sent over from Justice Harriss' court. The Recorder found the defendant guilty and fined him $10 and costs.

SEED CRUSHERS' CONVENTION

Programme Outlined for South Carolina Division of Meeting to be Held at Wrightsville Beach in July.

Announcement has been made of the tentative programme for the South Carolina division of the Cotton Seed Crushers' Association, which will be in annual session at Wrightsville Beach Wednesday, Thursday and Friday, July 6th, 7th and 8th. The North Carolina division will meet at the same time and the programme is now being arranged. Probably one hundred South Carolina mills will be represented at the meeting and practically all the mills in North Carolina will have one or more representatives.

The officers of the South Carolina Association are: President, H. L. Todd, Clinton, S. C.; vice president, F. S. Evans, Greenwood; secretary and treasurer, B. F. Taylor, Columbia.

The following relative to the convention is taken from the Columbia correspondence of The Charleston News and Courier of yesterday:

"Col. E. J. Watson, of this city, will speak on the 'Utilization of Cotton Seed Products in the Building Up of the Live Stock Industry.' Col. Watson will show that the use of cotton seed meal is increasing among the farmers in the feeding of live stock and that rather as a feed now and not as a fertilizer as much as formerly this product of the cotton is universally to be employed.

"At a recent meeting of manufacturers it was pointed out that the inter-dependence of the farmers and the manufacturers is an inevitable condition, and that this fact is being more generally recognized now. South Carolina farmers are using more cotton meal now in the feeding of live stock than at any other time in the history of the State, and statistics show that the live stock industry is increasing.

"Judge Henry C. Hammond, Commissioner for Georgia, who is to address the South Carolina Association, said at a speech in Louisville: 'When corn is worth $1 per bushel, cotton seed meal is worth $62.50 per ton. It is figured that 2,000 pounds of cotton seed meal equals 3,500 pounds of corn or $62.50 of feeding value.'

"In addition to South Carolina and Georgia speakers for the meeting at Wrightsville there will be a speech by W. A. Reynolds, of Charlotte, and by W. B. Kilgore, of Raleigh, N. C.

"The commissioner of agriculture of North Carolina has been extended an invitation to address the Association."

Most of the representatives from South Carolina will come to Wilmington on a special train which will be operated from Columbia.

THE A. & Y. TRAIN.

Additional Service will be Inaugurated June 26th—Value.

Dr. George F. Lucas, of Currie, prime mover in the recent successful effort to secure from the Coast Line an additional train on the A. & Y. road, arrived in the city yesterday evening and announces that he is assured by an official of the railroad that the additional train will be put in operation on Sunday, June 26th. The details of the schedule, etc., have not yet been worked out, but the train will be operated so as to be of the greatest accommodation to the largest number of people along the line.

The Coast Line has responded most generously recently in providing additional trains to Wilmington and it is believed that it will be only a question of a few weeks until an early morning and late arrival train will be put on the old parent line, the Wilmington & Weldon. The subject is again being taken up along the line of the road and the effort will be to have the Norfolk shoo-fly continued from Goldsboro, arriving here about midnight and returning about 5 A. M. The benefits to be derived from such a train are too self-evident to need elaboration here. The addition of this train would give Eastern Carolina the best service it has ever enjoyed at the hands of the railways entering here.

CAROLINA BEACH EXCURSION.

Ladies of Immanuel Presbyterian Church to Give Outing Today.

The Ladies' Aid Society of Immanuel Presbyterian Church will give an outing today at Carolina Beach. The people of Wilmington and visitors from the neighboring cities and towns who may be in the city on business or pleasure can take advantage of the very low excursion rate of 25 cents for the round trip and spend a day at this pleasant resort. Those who do not care to carry lunch may get a fine fish dinner for only 25 cents at the hotel. Refreshments will be served by the ladies. The steamer Wilmington will make three trips to the pier, leaving her wharf here at 9 A. M., 2:30 and 8 P. M. The last boat from the beach will return to the city late tonight.

Clyde Liner With Cement.

The Clyde Liner Winyah, which occasionally makes extra trips to this port, is expected to arrive today with cargo of cement for the Seaboard. This will be an extra trip of the liner, which plys between New York and Southern ports. The Winyah left New York for this port Wednesday.

North Carolina Bonds Maturing July First.

The American National Bank, 113 N. Front street, of this city, has arranged to cash free of all charges North Carolina Bonds maturing July the first or this bank will issue Coupon Certificates of deposit in lieu of the bonds of the Old North State.

The Coupon Certificate bears interest from date at the rate of 4 per cent and the coupons can be cashed at any bank in the United States without a charge. This certificate is much more convenient than the North Carolina bond in view of the fact that the certificate of the bank can be cashed at any time (upon demand) while the bond runs for twenty years; then too, Uncle Sam is behind the Certificate while only the State of North Carolina is behind the bond. **

BIG REAL ESTATE TRANSFER

Mr. J. M. Solky Purchases From Capt. Donald MacRae Building on Front Street Now Occupied by Tidewater Power Co.

A real estate deal of considerable proportions and of much interest and importance to the business community was consummated yesterday through the real estate agency of Mr. W. A. Dick, when Mr. J. M. Solky, the well known dealer in clothing and gents' furnishings, purchased from Capt. Donald MacRae the handsome and valuable building at No. 27 North Front street, now occupied by the general offices of the Tidewater Power Company.

It is understood that the new owner takes possession of the property July 1st, but the Tidewater Power Company will continue to use the building until October 1st at least, as the lease does not expire until that time. Officers of the Tidewater Power Company did not know last night whether they would have to move in the Fall or would be given an option of another lease from the new owner. They did not know until yesterday that the property was going to be sold, hence have not done any prospecting with a view of securing another building.

No figures have been made public, but it is understood that the property brought in the neighborhood of $40,000. It was stated last night that Mr. Solky has been trying to secure the property for some time through various real estate dealers, but Captain MacRae refused to consider an offer. Real estate men stated that Mr. Solky wanted the building for his always increasing clothing and gents' furnishing business, but Mr. Solky could not be reached last night, hence nothing could be learned from him as to his plans.

The property has a frontage of something like 66 feet on Front street and runs back to an alley in the rear of the building.

THE UNITED WIRELESS.

Mich of the Stock Held Here—State Headquarters in Wilmington.

No story carried in the Associated Press dispatches yesterday morning was fraught with more interest for Wilmington investors than the account of the raid of the United Wireless office in New York, it being estimated that something like $25,000 worth of the stock is held here and in this immediate section of the State. It will be recalled that the fiscal agency for the sale of this stock was opened here some months ago by Messrs. Duncan & Co., and a number of local investors were interested. Only recently Mr. J. Bailey Farmer took the State sales agncy and had an office in the Garrell building. He was dumbfounded yesterday at the news contained in the Associated Press dispatch, which was his first intimation of the trouble. Both he and Mrs. Farmer held stock in the enterprise and are quite as heavy losers as those whom he has interested since his connection with the company. He expresses great regret at the turn affairs have taken and is endeavoring to get in touch with one of the directors in Atlanta, Ga., under whom he has been working. A number of investors in the stock yesterday still professed faith in the company and say that when the matter is fully investigated, they believe the tangled skein will be straightned out all right. Mr. Farmer, until he hears from New York and can further investigate the matter, can give out no statement for publication.

B. R. C. EXCURSION

Delightful Run on The River Last Night—The Glee Club.

Despite the threatening clouds to the southward about the hour for departure, the excursion of the Brotherhood of Railway Clerks up and down the river on the steamer Wilmington last night, was a delightful success and was perhaps the largest of the season, the party numbering more than 200. "Judge" Bornemann's Glee Club was along and discoursed enlivening music for which the Brotherhood extended a special vote of thanks. Everybody had a good time, the steamer returning to the city about 10:30 o'clock. The committee in charge was composed of Messrs. M. E. Graham, chairman; Johnnie Adams and S. A. Matthews.

THE AEROPLANE STORY

Wilmington Experimenters Say It is Unauthorized—No Date.

The gentlemen behind the aeroplane enterprise in Wilmington, in an interview yesterday, stated that the story of their operations as contained in the Star of the same morning was entirely unauthorized; that while they are making some experiments in aeroplane building and have met with a reasonable degree of success the announcement of any dates as to trial flights and the like are entirely premature. At the proper time they state they will give for publication, an authorized statement of their experiments and any information that will be of interest to the public.

Hales—Millinor Nuptials.

Miss Mary E. Millinor, daughter of Mr. and Mrs. Alfred E. Millinor, and Mr. John S. Hales were united in marriage Wednesday night. The event was celebrated at the home of the bride and the officiating minister was Rev. James E. Smith, of the Advent Christian Church. Quite a number of the friends and relatives of the couple were present. Mr. and Mrs. Hales will reside in Wilmington.

Died in Philadelphia.

Friends in this city have learned with much regret of the death of Mr. Leopold Froman, which occurred suddenly last Sunday while on a trip out from Philadelphia, which has been his home for some years. The interment was in Philadelphia. Mr. Froman lived in Wilmington some years ago and was connected with the firm of Brunhild, Simons & Co.

STRANGE FREAK OF LIGHTNING

While Seated on Her Front Porch Last Evening Mrs. J. E. Rich was Seriously Injured, But Will Recover.

Seated on her front porch in conversation with her sister, during the electrical storm which passed over the city about 8:30 o'clock last evening, Mrs. J. E. Rich, who lives on Harnett, between Sixth and Seventh streets, was seriously injured by a strange freak of lightning, while her sister, who occupied a chair not a foot away, was not even shocked. Dr. C. D. Bell was hurriedly summoned and rendered the necessary attention and at 10 o'clock last night it was stated from the residence that Mrs. Rich would recover, although she had not been able to utter a word since the occurrence.

Mr. C. O. Knox, who conducts a grocery store at corner of Sixth and Harnett streets, gave a Star representative a graphic description of the freak of lightning, which apparently, came near ending the life of Mrs. Rich. Mr. Knox was seated in his store door when he noticed what looked to be a large ball of fire strike an electric wire near corner of Fifth and Harnett and in an instant the light came down the wire by his store and then across the street to a pole almost in front of the residence of Mr. Rich. Simultaneously he heard the screams of a woman from Mr. Rich's residence, whither he went immediately, finding Mrs. Rich seated in a rocking chair considerably drawn and twitching as if every nerve in her body were working overtime. Mrs. Elijah Chadwick, sister of Mrs. Rich, who occupied a chair nearby, was unharmed. A daughter of Mr. Rich hastened to the Smith drug store on Fourth street and summoned Dr. Bell by telephone and he was on the scene in a short time. The news of the strange freak of lightning spread rapidly and in a remarkably short time there was a large crowd at the Rich home.

Mrs. Chadwick lives next door to her sister and the pole on which the wire is strung was nearer her house than to the house of her sister, and although there were several persons in the Chadwick home at the time neither felt any shock. Mrs. Chadwick, too, was seated nearer the pole than her sister. It seemed to those who witnessed the spectacle that a great ball of fire suddenly left the pole in the street and descended upon the Rich home. Just what attracted the lightning is as yet a mystery.

Mr. Rich is a millwright for the Hilton Lumber Company and was not at home at the time, but arrived a short time afterwards. Many friends hope that Mrs. Rich will soon be entirely recovered from the shock.

SUN WAS WELCOME VISITOR.

Beach Residents and Guests and All Others, Glad to See Old Sol.

After ten days of rain, during which time Old Sol was obscured from view nearly every day by the heavy clouds, the sun shone forth brightly yesterday morning—a welcome visitor indeed. Nowhere was the sunshine more appreciated than at Wrightsville Beach, where, despite the disagreeable weather of the past ten days, there are quite a large number of visitors, especially at the Seashore Hotel, which has as guests members of the North Carolina Board of Medical Examiners and the applicants for license to practice medicine. Considering the weather the Tarrymoore has had a large number of guests this week and if good weather prevails for a few days there will be several hundred at the hotel for the week-end. On Sunday members of the North Carolina Medical Society, which meets at the Tarrymoore, and members of the State Bankers' Association, which will have the Seashore as headquarters, will begin to arrive, though not in any considerable number until next week.

RESPONSES TO APPEAL.

A Number Contribute to Fund to Buy Horse for Needy Farmer.

In Wednesday morning's Star Rev. C. F. Whitlock, pastor of Brooklyn Baptist Church, made an appeal to the people of the county to help purchase a horse or mule for Mr. Perry Murry, who lives six miles from Wilmington, in order that he might continue the cultivation of his crop and get it to market, having lost his mule, the only property he had of any value, some days ago. Mr. Whitlock returned yesterday from Burgaw, where he attended the Sunday School convention, and last night made acknowledgment of the following contributions to the fund: J. D. Croom, Maxton, $2; W. M. Cumming and Roger Moore, Wilmington, $2 each; Sol Jones, W. B. Cooper, J. W. Glisson and B. C. Moore, of Wilmington, $1 each, and F. J. Dempsey, Wrightsboro, $1. Others will very likely swell the sum considerably today.

TORPEDO BOATS TO SEA.

Foote, Rodgers and Tug All Sailed From Southport Yesterday.

After temporary repairs, the torpedo boat Foote, which was towed into Southport several days ago disabled, yesterday cleared with the torpedo boat Rodgers and the Charleston tug, summoned to tow her back to the navy yard.

The boats cleared from Southport yesterday at 12:40 o'clock, but whether the torpedo boats proceeded North or returned to Charleston is not known. The Foote sailed out from Southport under her own steam, but probably will be taken in tow by the tug if found necessary at sea.

CASE OF ADAMS AND SAWYER

Prominent New York Lawyer Here Seeking Information Relative to Negroes' Claim of Innocence of Crime.

Jospeh S. Buhler, Esq., of New York City, member of the law firm of Dennis & Buhler, arrived in the city last evening to make a personal investigation for his client, Mr. H. B. Warner, of the metropolis, as to the facts regarding the murder and mutiny on the high seas a few years ago, for which Henry Scott, colored, was hanged in this city and Adams and Sawyers, also colored, are now serving life sentences in the Federal prison at Atlanta, Ga., Arthur Adams, having recently made an appeal to Mr. Warner to aid Sawyer and himself in their efforts to secure a pardon on the ground that they are innocent of any connection whatever with the crime.

During the evening Mr. Buhler called upon Iredell Meares, Esq., a prominent local attorney, and discussed the matter with him and today he will see other attorneys and those who are interested in or may know anything of the case. Mr. Buhler is a guest at The Orton, where he will be glad to see any who are in position to enlighten him in regard to the guilt or innocence of the negroes.

It will be recalled that recently Adams wrote Mr. Warner a long letter in which he set forth his version of the case and called attention to the confession of Scott exonerating Adams and Sawyer of complicity in the crime. The letter in question was turned over to Dennis & Buhler, counsel for Mr. Warner, who immediately wrote a number of Wilmington people for information, which was gladly forwarded to them. Correspondence between the law firm and Wilmingtonians has continued with the result that Mr. Buhler is here in person to secure what additional information he may in order that he firm may be in a position to advise Mr. Warner as to whether the case of Adams and Sawyer is a meritorious one. There are many people in Wilmington who believe the negroes are innocent and will gladly aid any effor to secure their freedom.

Meeting of Board of Aldermen.

Mayor MacRae yesterday morning called a special meeting of the Board of Aldermen for 12 o'clock today. It is understood that the primary purpose of the meeting is to pass upon several applications for restaurant licenses, but it is expected that a large amount of other business will be transacted.

HOUSE CONFLICT MAY END.

Amicable Settlement Over Question of Rules is Expected.

Washington, June 16.—Out of the three-sided battle line in the House of Representatives, which has been gradually merging for several days toward a mutual ground of conflict over the question of the reform of the rules, there grew gradually today the appearance of something nearing an amicable settlement. After a session of the Rules Committee, which lasted throughout most of the day, and two sessions of the Insurgent Republicans of the House, it looked tonight as though tomorrow might evolve a plan upon which practically all parties and factions of parties can unite in adopting a "reform" rule.

The Rules Committee argued, wrote and drafted for hours over the Clark-Sherley resolution, which seeks to provide a way for a member to bring into the House a measure being "smothered" in committee. Chairman Dalzel and the other "regular" Republican members of the committee, joined with the Democratic members in attempting to formulate a rule which would work out the end desired and be acceptable to the House.

The fact that the "regular" wing of the party exhibited a willingness to join in a "reform" movement was generally commented upon today as indicating that it was practically conceded that a rule would be adopted before adjournment, and that they had decided it the better part of valor to join in making it rather than resisting its adoption. The committee finally adjourned until tomorrow at which time it is expected it will reach an agreement on the matter.

It is believed the rule drafted by the Democratic leaders and known as the Clark-Sherley rule, will be adopted by the Rules Committee in substance, practically as originally drawn.

The "insurgents" assembled about 25 in number, and discussed the sort of rule they would vote for. It was the general disposition that they would await the action of the Rules Committee and nothing decisive was done. They will meet again tomorrow afternoon.

It is stated that the dethronement of Speaker Cannon was discussed at the "insurgent" gathering but that no definite decision on this subject was arrived at. Many of the "insurgents" are opposed to the attempted removal of the Speaker, although if the matter is forced on the floor, they admitted they would vote that way.

300 KILLED IN HUNGARY.

Several Villages Almost Annihilated by Cloudburst—Destruction.

Budapest, Hungary, June 16.—Nearly 300 persons were killed and several villages annihilated by a cloudburst today in Krasso-Szoreny, a county of Hungary, bordering on Transylvania, Roumania, and Servia. The capital of the county which is mainly peopled by Roumans is Lugos.

It is expected that the death roll will be greatly increased when communications which have been almost completely cut off, are restored. Bridges, telegraph and telephone wires in the district have been destroyed and it is feared that many of the survivors of the flood will die of starvation or exposure before it is possible to send assistance.

ENJOYABLE SOCIAL GATHERING LAST NIGHT.

Members of the Baraca Class of Trinity Methodist Church were delightfully entertained last evening by members of the Philathea Class of the same church at the hospitable home of Mrs. J. H. Beery, 208 North Seventh street. There were present a large number of young people, representing both classes, and all spent a most pleasant evening. The entertainment was begun with the appearance of the "Ghosts," which descended the stairway to the number of twelve. They were young ladies, members of the Philathea Class, and the guests of the evening were required to guess the identity of each, and in case a mistake was made the losing one had to pay a forfeiture. This proved an enjoyable as well as amusing feature of the evening, and was followed by recitations by Miss Vivian Williams, of this city, and Miss Bond of Newbern, both of whom won liberal applause and were highly complimented upon the excellent way in which they gave their selections. Refreshments were then served by the members of the class, followed by an impromptu musical programme, which was much enjoyed. It was a most enjoyable occasion and all felt it good to be there.

CAROLINA COTTON MILL MEN.

Condemned Rules of New York Exchange at Charlotte Meeting.

Charlotte, N. C., June 16.—Resolutions condemning the rules of the New York Exchange which encourage speculation and manipulation were adopted at the annual session here today of the North Carolina Cotton Manufacturers' Association. The association also voted to admit Virginia mills into the organization. Plans were also adopted dividing the association into five organizations, gray or white goods; colored goods; hard yarns; soft yarns; knit goods.

The parent organizations will remain intact and in control, but each department may hold separate meetings to thresh out the problems peculiar to itself. Representative show 392 cotton mills and 171 yarn mills in the organization with 3,229,119 spindles, amounting to about one-fourth the looms and one-third the spindles in the South.

R. M. Miller, Jr., of Charlotte, was re-elected president.

The association failed to take any official action on the matter of curtailment as had been anticipated. It is understood unofficially that probably all of the members have agreed to a complete curtailment in August to continue until the market advances.

ARGUMENTS IN HARRIS TRIAL.

Case Will Likely Reach Jury Today—Lawyers.

Manassas, Va., June 16.—Arguments in the second trial of Prof. J. D. Harris for the murder last Summer of W. A. Thompson, editor of the Warrenton Virginian, will close tomorrow morning and the case be given to the jury. Today arguments were made by Attorney McIntyre for the State and Attorney Byrd for the defense. The attorney for the defense said that the chief testimony relied upon by the prosecution was given by Irvin Maxheimer, brother-in-law of the deceased. This testimony he characterized as "inconsistent evidence upon which I would hate to hang a dog."

—The Front Street Advent Christian Church has recently been remodeled and otherwise greatly improved. The work was done under the direction of the building committee, of which Rev. J. E. Smith was the chairman.

—"The Right Decision," dramatic, and "My Milliner's Bill," a comedy, are the titles of the pictures that will be shown at the Bijou theatre today. The last named is a comedy of the kind that amuses all generations and it will undoubtedly prove a drawing card at the popular amusement retreat.

—The County Board of Education and the Wilmington school committeemen will hold a joint meeting this afternoon at 4 o'clock in the Court House for the purpose of further considering the matter of enlarging the High School building and establishing additional schools, one in the northern and the other in the southern section of the city.

AIDED IN BIG THEFT.

Boston Man Convicted Along With Former Banker.

Boston, Mass., June 16.—A further stage in the government prosecution of those responsible for the wrecking of the National City Bank, of Cambridge, came this afternoon when Wm. J. Keliher, called by his friends "Big Bill" was declared guilty by a jury in the United States Circuit Court of aiding and abetting George W. Coleman, the $12 a week bookkeeper, who was sentenced a month ago for the theft of $309,000 from the bank. Sentence was postponed but meanwhile Keliher is held in $50,000 bail. The case has been on trial for a month.

In his instructions to the jury Judge Hale said that it was necessary to decide whether Kileher knew that Coleman was getting from the bank the money with which they played faro together.

After the verdict had been rendered Francis J. Wood, a grocer, who was a witness in the trial, was arrested on a perjury charge. It is alleged that he gave false testimony regarding a check for $200, which came into his hands after it had been sent by telegraph to George W. Coleman, in Kansas City.

New Orleans, June 16.—Diego Cabrera, son of President Cabrera of Guatemala arrived here late this afternoon on a special train from New York accompanied by a physician and several nurses. The young man's condition is very serious and orders have been given to the consular representatives of Guatemala in the United States to expedite the journey home so that he may reach his native land alive.

THE ROOSEVELT RECEPTION.

In Readiness to Receive Distinguished American Saturday.

New York, June 16.—Twenty-one guns, the National salute, will greet former President Roosevelt as he first enters the outer harbor of New York on his return to this country. The battleship South Carolina is to be stationed in the Ambrose channel, will thus notify an expectant city that the Kaiserin Victoria and her distinguished passenger are close at hand at last.

In completion of the naval demonstration that will follow, Chairman R. A. C. Smith, of the Harbor Display Committee, announced tonight the list of vessels and the line of formation. Final instructions were also given to all captains, 80 warships, harbor patrol boats and other steamers will take official part in the parade up the Hudson river and back to the Battery. In addition, a flotilla of 150 merchant steamers will carry sight-seers down the bay to witness the transfer of Col. Roosevelt and his party from the ocean liner to the Androscoggin, the revenue cutter that will bear the welcoming party and Col. Roosevelt in the parade.

As the former President boards the Androscoggin a second salute will announce that he is once more under the American flag. For two minutes following, the combined flotillas will join in a deafening blast of whistles.

Escorted by revenue cutters, police patrol boats, the South Carolina, five torpedo boat destroyers and the government dispatch boat Dolphin, the Androscoggin will lead the river parade. When Col. Roosevelt is landed at the Battery, the formal welcome by Mayor Gaynor will proceed. His speech and that by Mr. Roosevelt will be the only addresses and the land parade will start immediately.

New York began final preparations for the reception in earnest today. Despite rain and clouds the decorating of the city for the event went steadily ahead.

In other ways the near approach of the Roosevelt reception was impressed upon the city. One of these was in the influx of visitors which has already begun.

Hotel registers gave the best proof of this. Even far away Alaska loomed up large when word was received from Governor Clark of that Territory that former Governor W. B. Hoggett will arrive here in time to represent him in the ceremonies. Tomorrow, however, is expected to bring the real out of town throng.

APPEAL FOR MEDIATION.

Between Men and Railroads Operating in Southwest Territory.

Washington, June 16.—Two applications for mediation under the Erdman Act were received today by Chairman Knapp, of the Interstate Commerce Commission and Dr. Chas. P. Neill, Commissioner of Labor. The first came from the general manager's committee of the railroads operating in what is known as the Southeastern territory—south of the Potomac and east of the Mississippi rivers. It requested mediation between the railways and their conductors and trainmen. Between the two a controversy has arisen as to wages and hours and conditions of labor.

The other application came from the telegraphers employed on the Gulf and Ship Island Railroad, operating in the South, between Jackson, Miss., and New Orleans, La. In this case the question of wages also is involved.

The mediators telegraphed all parties in interest in the two cases that they would undertake an adjustment of the controversies. The mediators await a formal acceptance of their proffer from both sides of the controversies and assurances are in hand that a satisfactory arrangement for mediation will be made.

THE RAILROAD BILL.

Elkins Loses Opportunity for Action on Conference Report.

Washington, June 16.—Graciously side-tracking his conference report on the railroad bill to permit the passage by the Senate of the Statehood bill, Senator Elkins lost his opportunity to obtain final action on the conference report today. He succeeded, however, in getting the hour of convening tomorrow advanced to 11 o'clock and incidentally obtained an agreement to vote tomorrow.

The consideration of the report today was begun at 4:40 P. M., and was confined to the delivery of a speech by Mr. Elkins. After explaining in detail the various provisions of the bill as agreed upon by the conferees, Mr. Elkins stated his convictions that it would prove wise legislation.

"It marks a definite and distinct advance in the regulation of interstate commerce and the control of rates," he said. He declared that it safeguarded the interest of the shipper better than they had been heretofore. He also gave assurance that, as agreed upon, the bill embodied the essential features of President Taft's recommendations on the subject.

WAYNESVILLE IS CHOSEN.

Chatauqua Site for Laymen of M. E. Church South.

Chattanooga, June 16.—Waynesville, N. C., was today selected as the site for the Chautauqua of the Laymen's Movement of the Methodist Episcopal Church, South.

The locating committee consisted of John R. Pepper, of Memphis; R. B. Davenport, of Chattanooga; Major A. D. Reynolds, of Bristol; J. P. Pettyjohn, Lynchburg, Va.; R. A. Schoolfield, of Danville, Va.; B. M. Burgher, Dallas, Texas, and J. S. Carr, of Durham, N. C.

When the Chautauqua is located, it will be a meeting place for different church organizations, with Bible studies to be carried on during Summer months.

GIVES STATUE TO FRANCE

Houdon's Statue of Washington Given By Virginia.

Norfolk, Va., June 16.—Col. James Mann, chairman of the committee named by the Governor of Virginia to present to the Republic of France as the gift of the State a replica of Houdon's statue of Washington, was today notified by French Ambassador Jusserand that the statue will be received at Versailles August 18th, by the French Minister of Foreign Affairs and placed in Marble Hall of the Summer capital of France immediately opposite to the chamber of deputies.

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

Sabattus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. H. W. Another Woman Helped.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

FINANCIAL and COMMERCIAL

COTTON MARKET CONDITIONS

Further Irregularity in Prices With Downward Tendency—Opened Steady at Decline of From Nine to Ten Points.

New York, June 16.—The cotton market continued quiet today and prices showed further irregularity, the general tendency, however, being downward, with the close easy at a net loss of 4 to 8 points.

The market opened steady at a decline of 9 to 10 points on the old crop and of 4 to 5 points on the new in sympathy with lower cables than expected and the smaller rain area in the South. Selling was not aggressive at the start and during the middle of the day prices rallied on covering by August shorts and some scattered bull support, which appeared to be inspired by bullish private crop advices and talk of further exports from the local stock. August cotton sold up to a net advance of about three points, but other months barely rallied to the closing figures of last night and during the late afternoon the whole list eased off under a renewal of scattering liquidation combined with a little Southern selling attributed to the influence of better weather conditions. The close was some 2 to 3 points up from the lowest point of the day. Sentiment appeared mixed, both as to the extent of the short interest remaining in July and August and to the probable influence of the rains in the Eastern belt on the showing of the government's codition figures early next month, and traders seem to be waiting fresh developments bearing upon either the old crop situation or new crop prospects. Early estimates as to the probable showing of the July condition figures ranged all the way from 80 to 85 per cent. compared with the condition of 82 per cent. reported on June 2nd. A rumor that there had been a private settlement of contracts was emphatically denied by one of the bull leaders who says that shorts must either deliver cotton or buy in their commitments across the ring. Southern spot markets were unchanged to 1-8c lower.

Receipts at the ports today 5,131 bales against 3,885 last week and 9,085 last year. For the week 30,000 bales against 27,519 last week and 35,785 last year. Today's receipts at New Orleans 2,873 bales against 1,404 last year and at Houston 108 bales against 457 last year.

Spot closed quiet 10 points lower; middling unbands 15.15; middling gulf 15.40; sales 1,890 bales.

Futures opened steady and closed easy.

AWAITING NEW FACTORS.

Situation on the Cotton Market—No Change in Values.

(Special Star Telegram.)

New York, June 16.—European advices were more discouraging today, but without any material change in values here, as the trade is impressed by the strength shown in the nearby deliveries, while the foreign advices are unfavorable. In the new crop deliveries the recent rains in the South Atlantic States are regarded as unfavorable to the best development of the plant, so that the entire trade appears to be waiting for the appearance of new factors. No one wishes to see the remaining days of June as rainy as has been the first half of the month. HUBBARD BROS. & CO.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and Kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c. at Robert R. Bellamy's.

Scared Into Sound Health.

Mr. B. F. Kelly, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Robt. R. Bellamy.

MARKET AWAITS NEW FACTORS

Loss of Activity in Speculation in Stocks—Immediate Developments Were Ignored—Market Was Abandoned

New York, June 16.—The stock market today was abandoned to dullness and neglect. Immediate developments were ignored and the professional traders were driven to framing conjectures over what might prove to be the market's response to expected happenings in the future. It was urged that the enactment of the railroad bill, when completed, ought to open the way for some activity in the speculation.

A more influential factor in the repression of the speculation is the contest to be waged over the coming attempt to secure higher freight rates. The determination expressed by shippers and their disposition to form a strong organization to contest the proposed advances arouses some anxiety among those who rely on the higher rates to keep up profits. The prospect of this contest points to the employment of tactics that may prove discouraging to stock market activity. The effect of the resolution of inquiry adopted by the House calling for information regarding the attorney general's investigation of the United Steel Corporation was negligible.

Crop news was not decisive of any change in conditions. Money remained easy in tone but it was questioned whether this condition was not influenced by the purpose of lenders to keep funds available in short term loans or on call in a mood of doubt over later developments.

A favorable impression was made by the quick turn over one or two recent bond issues, small in themselves. The inference was drawn that the requirement of investors for high return formed as substantial an element in the apathy of the investment market as any absolute scarcity of capital.

Bonds were irregular. Total sales par value $1,063,000. United States bonds were unchanged on call. Total sales for the day 293,800 shares.

DRY GOODS MARKET.

New York, June 16.—The cotton goods market rules quiet with values holding fairly steady. Yarns are quiet. Spring and hosiery and underwear in leading lines have been opened at prices about five cents per dozen above last year's opening figures on hosiery and 12 1-2 and 25c per dozen higher on underwear, the latter price being for combed yarn goods. These prices are lower than the closing prices of the last season. Raw silk is being purchased in small quantities and prices are firmer.

FINANCIAL MARKET.

New York, June 16.—Money on call steady, 2 3-4 to 3 per cent., ruling rate 2 3-4, closing bid 2 7-8, offered at 3. Time loans quiet and firmer, 60 days 3 to 3 1-4, 90 days 3 1-4, six months 4 to 4 1-4. Prime mercantile paper 4 3-4 to 5 1-2 per cent., steling exchange firm, with actual business in bankers bills at 4.8440 to 4.8450 for 60 day bills and at 4.8675 for demand. Commercial bills 4.83 1-2 to 4.84. Bar silver 53 1-2. Mexican dollars 44.

NAVAL STORES.

Marvelous Discoveries.

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders—Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhage, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black, of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and $1.00. A trial bottle free. Guaranteed by Robt R. Bellamy.

THE GRAIN MARKET.

Chicago, June 16.—Montana was the unexpected quarter today from which came news that somewhat abated a crop scare. Hot dry weather had been officially predicted to last several days in the spring wheat belt northwest, but forecasts of rains for Montana gave rise to some uncertainty. Unrelieved dryness for any continued period now would materially add to a moisture deficit which at St. Paul amounts already to 4.6 inches since March 1. As it was, however, speculators were quite generally disposed to take profits. The market after a sharp advance receded and closed easy with a net gain of 1-8 to 5-8c. Corn at the finish was unchanged to 1-4 to 3-8 lower, and oats unchanged to 1-8 to 1-4c higher. Last prices for provisions were unchanged to 20 points up.

MISSIONARY UNION.

That of Fayetteville Presbytery in Session at Lumberton, N. C.

(Special Star Correspondence.)

Lumberton, N. C., June 16.—Wednesday was a notable day in the programme of the Ladies' Missionary Union of Fayetteville Presbytery now in convention in the Presbyterian Church at Lumberton. The regular business opened at 9:30 A. M. with devotional exercises followed by enrollment of delegates and reports of committee until 11:30 when an address of unusual power was delivered by Dr. W. J. Martin, professor of chemistry at Davidson College on the "Laymen's Movement in Foreign Missions." All were thrilled and inspired by Dr. Martin's forceful presentation of this great theme.

At 2 P. M. Dr. A. L. Phillips, the Assembly's superintendent of Sunday School Extension and Publication work at Richmond, Va., gave a most interesting, practical and instructive address on "Work With Boys," and following this was a conference skillfully conducted by Mrs. L. W. Curtis, chairman of Young People's Work of the Union, during which pledges were asked from the delegates looking to definite work with our boys in forming Covenanter bands.

From 6 to 7 P. M. a delightful reception was given by the Ladies' Missionary Society of the Lumberton Presbyterian Church in honor of the Missionary Union at which refreshments of ice cream and cake were served.

The evening session had for its principal feature an instructive and impressive address by Rev. Homer McMillan, of Atlanta, Ga., on "Some Striking Phases of Home Mission Needs and Work of the Assembly."

Following this was a strong appeal made by Rev. L. W. Curtis, the evangelist of Fayetteville Presbytery in behalf of Elise School, and a collection with liberal response was taken for this school.

What a Summer Cold May Do.

A Summer cold if neglected, is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system. Robt R. Bellamy.

MISSIONARY WORK PROGRESS

Mission Field Report Featured Edinburgh Conference Yesterday.

Edinburgh, June 16.—Progress of Christian missionary work in many countries from small beginnings to its present state of wide development was described today to the International Missionary Conference in session here by the Commission on "The Church in the Mission Field." The report was presented by the Rev. Dr. J. Campbell Gibson, of the foreign mission committee of the English Presbyterian church, who is chairman of the commission.

"It is perhaps one of the most encouraging signs", says the report, "both of the progress of mission work itself and of the advance which has been made in the thought of the church at home in regard to it that "The Church in the Mission Field," now occupies so prominent a position in the discussion of mission questions and methods. It is easy to recall the time when the work of foreign missions was commonly regarded by Christian people as the sending of a small, forlorn hope into the midst of great masses of darkness and superstition, from which very little could be looked for in return. The missionaries' work was conceived to be a continual struggle with heathenism, and at the best the converts gained were thought of as little groups of unimportant people, whose conversion was gratifying for the sake of the individuals gained, but who had no important share in the missionary enterprise as a whole.

"Now, happily, the church at home sees further into the true state of the matter, and the most important general conclusion which we can draw from the replies made to our inquiries in all part of the world is that henceforth this view must be entirely abandoned. We have now to think of the church in the mission field not as a by-product of mission work, but as self far the most efficient element in the Christian propaganda. The words of Christian people, spoken to their own countrymen in all lands, are the most efficient, as well as the most extensive, preaching of the Gospel, and their lives are everywhere the most conspicuous and conclusive evidence of its truth.

"In many of the greater mission fields the Christian people are now recognized as a definite community whose social life and ideals, as well as their personal faith and character, are already becoming a powerful element in the reshaping of national life. They are everywhere subjected to a watchful scrutiny on the part of the non-Christian communities, and there seems to be a general acknowledgment that the life, thus jealously watched affords a real vindication of the spiritual power of the religion which they profess.

"In short, the Church on which we report presents itself no longer as an inspiring but distant ideal, nor even as a tender plant or a young child, appealing to our compassion and nurturing care. We see it now an actual Church in being, strongly rooted, and fruitful in many lands. The child has, in many places, reached, and in others is fast reaching, maturity; and is now both fitted and willing, perhaps in a few cases too eager, to take upon itself its full burden of responsibility and service."

FRECKLES

June Worst Month for This Trouble. How to Remove easily.

There's a reason why nearly everybody freckles in June, but happily there is also a cure for these ugly blemishes, and no one need stay freckled.

Simply get one ounce of othine, double strength, from J. Hicks Bunting Drug Co., and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Money back if othine fails.

THE SOUTHERN NATIONAL BANK

A FURTHER STEP TO PREVENT FIGHT

(Continued From Page One.)

fee.

Situation is Puzzling.

San Francisco, June 16.—To all intents and purposes the Jeffries and Johnson championship fight tonight is a pugilistic outcast, so far as California is concerned. It is a perfectly good fight except that it has no scene of hostilities.

The fighters are ready and are training faithfully; there is no doubt about the purse, as nearly half the money has been deposited in the banks, yet it is incomplete in one essential detail, for nobody knows where it is going to be fought.

That it will not be held in San Francisco or elsewhere in California is generally admitted a conclusion in which sporting circles grudgingly concur.

While no legal steps have been taken as yet against any of those concerned, Promoter Blot of the Langford and Kaufman fight slated for Saturday is in no better case. Blot declares he cannot see how his 20 round go can be prevented and says he will hold it as scheduled, but his voice lacked conviction when he said it.

Tex Rickard does not intend to contest the action of Attorney General Webb, who today said he would ask for a permanent injunction to prevent the fight. He said today he would immediately transfer the match to some other State, if the court ruled against him.

Gov. Gillett, whose instruction yesterday to the Attorney General created the greatest stir sportsdom has known since Jim Corbett defeated John L. Sullivan, arrived from Sacramento today. He was positive in defining his position. The fight could be stopped and would be stopped, he declared. He seemed indifferent to the opposition aroused and said so.

The only real action of the day in the big fight situation was a disconcerting one for fight fans. Work was stopped on the construction of the arena. The men were not actually laid off until today.

Tex Rickard's office has been flooded all day with proposals to stage his big show. Reno, Tacoma, Juarez, Mexico and several other places have been suggested, and offers of all kinds came during the day. It seems very probable that the "battle of the century" will take place in Nevada. The State laws there are emphatic in permitting prize fights.

The situation tonight is just about where it was last night. Nobody knows. Everybody is guessing. knows. Everybod yis guessing.

Nothing Can Stop Fight.

San Francisco, June 16.—"The fight between Jeffries and Johnson will take place on July 4th. If not in San Francisco then I will pull it off in Reno, but the fight will be held on the date set and I shall keep my promise."

This statement was made by Tex Rickard to the Associated Press tonight.

Rickard continues as follows: "Once for all I want to remove all fear that Jeffries and Johnson will not meet in the ring on July 4th. There need be no cancellation of special trains or tickets. Those who intended coming to San Francisco can come as planned and feel assured that they will see the fight."

The statement of Rickard was made soon after Southern Pacific officials advised the promoter that six special fight trains had been cancelled during the day. Rickard was greatly agitated by this information and also in view of the fact that many orders are being received to cancel or re-sell fight tickets.

WHOLESALE GROCERS' SIDE

President McLaurin Surprised at Federal Prosecution.

Jacksonville, Fla., June 16.—J. H. McLaurin, president of the Southern Wholesale Grocers' Association, today expressed great surprise that Federal prosecution should be taken against the organization by Federal authorities. Mr. McLaurin believes the sole purpose of action of complainants responsible for the proceedings is to further individual litigation now pending in the courts at Birmingham and elsewhere in an effort to influence public sentiment.

"The allegations of the present complaint of the United States as reported in the newspapers," said Mr. McLaurin, "are wholly incorrect and can be proven so. The Southern Wholesale Grocers Association is simply an association for social and legitimate business purposes like the National Wholesale Grocers' Association, Retail Grocers' Association, Cotton Growers' Association, Fruit Growers' Association and like associations which exist practically in every business and occupation in the country and unless they are held to be illegal and in violation of the acts of Congress, do not think that the Southern Wholesale Grocers' Association will be held to be so."

Steps have been taken by the defense to be represented by attorneys when the trial comes up.

Birmingham, Ala., June 16.—Federal officials today served subpoenas on Birmingham men and firms alleged to be members of the Southern Wholesale Grocers' Association in the proceedings brought in the United States Court to dissolve the organization on the ground that it is in violation of the Sherman anti-trust law.

J. A. VanHoose, until recently president of the Association, made the following statement: I am not now connected with the assiciation, but we have always welcomed an investigation for we believe we were within the law.

"The wholesalers are now bearing the brunt of high cost of living agitation because people do not seem to know just where to put the blame."

Roanoke, Va., June 16.—The Democratic convention of the fifth congressional district of Virginia met today at Rocky Mount and unanimously nominated E. W. Saunders, of Rocky Mount, as candidate. Mr. Saunders is the present representative from the district and had no opposition in the convention today.

CALL OF MISSIONS WAS THE THEME

(Continued From Page One.)

heathen through us and He has answered our prayer by sending the heathen to us." He then brought out the significance of this by pointing out that from 15 to 20 per cent. of the immigrants to this country go back to their native land every year. "And everyone," he said, "goes back a missionary. This whether we will it or not; hence the question, what will be their message?"

Referring to the task undertaken by the Protestant church of this country, with the help of the churches of other countries, that of the evangelization of the world in this generation—he pointed out the work that is being done by the Home Mission Board. Simultaneously with this was brought out the conditions that prevail in the places where the work is being carried on. It was a revelation of conditions that was astounding, and it is not too much to say alarming, to one who had not studied the question.

The speaker then took up the call of the West and showed how that there are in that great and fast growing domain large numbers of cities without a single Presbyterian church and that they were sending out the Macedonian cry.

"By working for the salvation of men," he said, "we work for the salvation of the Nation; and in working for the salvation of the Nation we do a great deal for the salvation of the world. If we are going to increase the missionary output we must increase the size of the machine. Light that will shine farthest will shine the brightest. Let us reverse the proposition. The light that will shine the brightest here will shine brighter yonder."

OKLAHOMA'S CAPITAL.

Governor Haskell Issues Proclamation Declaring 33,000 Majority.

Oklahoma City, Okla., June 16.—Gov. Haskell tonight issued a proclamation declaring the capital location bill carried and officially declaring Oklahoma City to have received the greatest number of votes. The proclamation is based on the complete election returns furnished the Governor by the State Election Board. The measure carried by approximately 33,000 majority.

Gov. Haskell said tonight that the overruling of his demurrer to prevent the removal of the capital from Guthrie to Oklahoma City by Judge Ruston in Guthrie today will not in the least interfere with the determination of the State officials to remain permanently in Oklahoma City. Gov. Haskell in his demurrer took the position that as chief executive, he was not amenable to State courts.

"The demurrer was merely a basis for securing a writ of prohibition in case it was overruled," said the Governor.

A message from William J. Bryan to Gov. Haskell received today congratulated the Governor on his administration of State affairs.

"It is a remarkable showing," writes Mr. Bryan. "You have with great ability and clearness presented a record that ought to appeal to your people."
